

## GUIDELINES FOR WRITING AN ABSTRACT

This abstract should be precise, yet detailed, no more than 200 words long and should contain the following. The primary aims/objectives are not a part of the word count.

### Purpose of the Presentation (200 words or less):

#### 1. Detail the purpose of the presentation

e.g. The purpose of this presentation is to introduce the audience to guidelines for hypertension management for African Americans across the life span.

#### 2. Specify the audience that would benefit from this presentation

e.g. Because this presentation is about guidelines for hypertension management, it is geared towards staff RNs in all settings, Advanced Practice Nurses, and Nurse Educators.

#### 3. Closing statement should include implications for nursing practice and needs of the consumer.

### Primary Aims/Objectives of the Presentation:

Specify the number, types, and measurement of the objectives.

### Upon completion of this this program, the nurse participant will be able to:

e.g. The primary aims include:

1. Recognize guidelines that have been evaluated for management of hypertension among African Americans,
2. Determine methods to measure specified guidelines for management of hypertension among African Americans,
3. Determine which chronic indicators (i.e. systolic or diastolic blood pressure are indicated, age, etc.) are present before guidelines can be used.

### Topical Outline/Content

From the primary aims/objective, specify the content that will be presented as well as the timeframe. You must use every primary aim/objective until you have exhausted them all:

Topic	Sub-Topic	Timeframe
Recognize the guidelines for use with African Americans	Specify the guidelines and what chronic indicators should be present for use	5 Minutes
Determine methods to measure specified guidelines for management of hypertension among African Americans	Specify what Methods are used to evaluate the appropriateness.	10 Minutes
Determine which chronic indicators (i.e. systolic or diastolic blood pressure are indicated, age, etc.	Review the chronic clinical guidelines for management of Hypertension among African Americans	15 Minutes
